HORNER'S POST 10-DAY VETOES SUSTAINED BY COURT

Supreme Justices Unanimous in Decision Rendered Today

Springfield, Ill., Dec. 15.—(AP)—Governor Horner's vetoes of many major legislative bills more than ten days after adjournment of the 61st general assembly June 30 were sustained today by the state Supreme court in two test cases.

Among the vetoes involved indirectly in the court test—and upheld by the decision—were those which voided the Vacco slum clearance lottery bills and the measure to increase Illinois maximum old age pension payments from \$30 to \$40 monthly.

This drastic experiment may make for peace and security, or it may add to the conflict already grinding down unhappy Europe.

Upon the outcome, too, may easily hang the life of the already bruised and battered league itself.

These things depend in major degree on two "hings": (1) How the enigmatic but often super-cen-tive Muscovites react to being outlawed by their fellows and made the object of back-handed sanctions of a new variety; (2) What Russia's real military strength is—something that is still a mystery.

The league action does widen the break between Russia and the Anglo-French allies, as foreign quarters in Moscow noted today. By this token, of course, there is possibility the soviet may swing closer to nazidom.

Official Moscow was silent on this the morning after. Official Geneva worked secretly to coordinate war supplies for Finland.

The situation is unique in history. Never before has punishment of this sort been attempted.

The only other action approaching it was in 1935 when the league applied financial and economic

Passed Final Day

Attorneys for the two groups of petitioners contended that the constitution requires vetoes to be filed within ten days. Sundays excluded, after adjournment of a legislative session.

The court wrote one opinion covering both test cases and there was no dissent. Justice Loren E. Murphy of Monmouth wrote the

The opinion said fourth class bills were those which were filed with the governor after the legislative session ended.

Both bills concerned in the test cases were passed on the final day of the session, June 30. The Saltiel bill was filed with Governor Horner's office July 17 and he vetoed it July 26. The Hubbard sales tax refund measure was filed with the chief executive July 11 and vetoed July 20.

The governor's veto of house bill 537 (Saltiel) and senate bill 500 (Hubbard) must be given effect," the decision continued, "and the secretary of state was right in not certifying either of them as duly enacted laws."

First Interpretation

Attorneys said the decision was the court's first interpretation of the ten-day veto provision of the constitution of 1870. Lawyers long have disagreed on interpretation of that section.

Sen. George Dixon is Candidate for Judge

State Senator George C. Dixon of this city is a candidate for the Republican nomination for Circuit judge to fill the vacancy caused by the death of the late Judge Harry Edwards of this city. Senator Dixon is said to have considerable support among precinct committeemen in Lee county and is active in his campaign in other counties of the 15th judicial district.

Attorney Robert L. Bracken of Dixon has also been urged to become a candidate for the judicial vacancy. In order to fill the vacancy it will be necessary to persuade Governor Horner to call a special election.

This fall about 1,350 hunting licenses were sold in this locality and about 80 trapping licenses. During the summer months about 1,400 fishing licenses were purchased by anglers of Dixon and vicinity, which indicated one of the most active seasons by sportsmen of this locality in many years.

A final settlement of all fees collected by City Clerk Smith will be made with the conservation department by Jan. 31 of next year.

Rerieve Saves Convict 12 Minutes From Death

Raleigh, N. C., Dec. 15.—(AP)—John Moore, 37-year-old Negro, came within 12 minutes of dying in the gas chamber today for the slaying of another Negro July 4.

A rerieve from Governor Clyde R. Hoey reached the prison after a death mask had been fitted to the Negro's face, and as an attendant mixed water and acid to be used in generating the lethal gas used in this state.

Efficiency

New Brunswick, N. J., Dec. 15.—(AP)—Rutgers University men who have girl friends at the New Jersey college for women must know their dots and dashes.

Co-eds living on the first floor of a dormitory disliked having to answer the door every time the bell rang only to find the call was perhaps for a girl on the third floor.

The girls posted their names next to the door bell and put a combination of Morse code dots and dashes alongside each. Now callers get the right girl.

America's No. 1 Communist Speaks Amid Jeers, Cheers, Sulphide Gas

Cambridge, Mass., Dec. 15.—(AP)—Although 600 students at Massachusetts Institute of Technology alternately cheered and jeered him, Earl Browder said today he felt his audience was "well behaved" and called the meeting at which he spoke a "lively" one.

Speaking in a packed hall, the atmosphere of which was permeated by the odor of a makeshift stench bomb, Browder, America's No. 1 communist, asserted yesterday that Russia's invasion of Finland was necessitated by the fact that Finland "refused to guarantee the safety of Lenin-grad." The student audience hissed and jeered this comment.

Immediately after the new board was created, he testified, many cases remained to be disposed of "as a matter of tradition," but recently, he said, the practice had "faded away" and the board now believes such activities should be curtailed.

Washington, Dec. 15.—(AP)—Edwin S. Smith, member of the National Labor Board, said today the board had engaged in "extra legal" activities of mediation and conciliation not provided for in the Wagner labor act.

He told the house committee investigating the board and the act that this work had been carried on as "what might be described as a hangover" from the NRA days when the old labor board engaged in mediation and conciliation services.

which yesterday expelled Russia, had "risen from its tomb" only because its action meant "preparation for the holy war" against Russia."

The institute hall in which Browder spoke was jammed an hour before he appeared and crowds stood outside, banging on doors, yelling and ringing bells. Thirty minutes before he appeared the rank smell of a stench bomb spread through the room and nearby corridors.

Professional experts sniffing the breeze termed it "some sort of a sulphide combination." And Seth Levine, president of the Peace Federation, which sponsored the Browder talk, termed the incident "childish" and "the work of pranksters."

Careful spacing by sides kept the groups from rubbing shoulders in the reception line. After it broke up, little knots formed in the state dining room as distinct as if they were miles instead of feet apart.

Nobody appeared to rush away, but an hour and half after the party started at 9 p.m., all the chiefs of mission had left the White House.

Whether the envoys from warring countries were talking to members of their own staffs or to other diplomats, they smiled broadly as if they were having such a good time they did not want to leave.

Smiling diplomats, resplendent in gold braid, plumed hats and clanking swords, thronged the White House last night for a reception which, on the surface, moved as smoothly as if there were no war abroad.

It was a victory for state department protocol, which kept the representatives of unfriendly nations from meeting face to face.

President and Mrs. Roosevelt, greeting the envoys of 53 countries, shook hands successively with the Chinese and Japanese delegations and a little later received representatives of Spain, Soviet Russia and Great Britain.

Church History in Mt. Morris Dates to 1837

Church history in Mt. Morris dates back two years earlier than the Methodist seminary, whose founding in 1839 marked the beginning of the village itself. The first church services in Ogle county were conducted in 1837 by the Rev. Thomas S. Hitt, a Methodist minister.

Mr. Hitt's successors included the Rev. Barton H. Cartwright and the Rev. James McLean. When the first Seminary building was built in 1840, a part of the structure was used as a church, and when "Old Sandstone" was erected, church services were conducted there for 25 years.

Ten-Cent Dinners

It was during the Civil War that members of the Ladies' Aid society decided they should have a church edifice, and started the building fund by serving dinners at 10 cents a plate. The present Methodist Episcopal church was erected in 1877.

The second oldest denomination in the community is the Lutheran church. The first congregation was formed in 1846 by a small group of followers, with the Rev. Nicholas Stroh of Oregon coming every two weeks to conduct services in the old chapel at the Seminary. The first Lutheran church, a building now used by the Christian denomination, was erected in 1856.

Early Lutherans

The Rev. A. A. Trumper was the first resident pastor. Among the charter members, numbering 27, were Peter Knodle, N. J. Stroh, Nathaniel Swingley, Andrew Scheeter, Mary M. Baker, Cornelia Sharer, Sarah Newcomer, Philip Sprecher, Mary Swingley, Amelia Sharer, Elias Malone.

In 1877, the cornerstone of the present church was laid. The lot on which it stands was donated to the congregation by Hon. Robert R. Hitt.

The Church of the Brethren at Mt. Morris was organized in 1867, with the building of the Silver Creek church. When the denomination purchased the Rock River Seminary in 1879, religious services were held in the old seminary chapel, and in 1891, when College hall was erected, a chapel was built to accommodate the rapidly-growing congregation. In 1919, the Rev. L. H. Root became the first paid pastor of the church, earlier services having been conducted by professors of the college and elders.

Erect New Church

Mr. Root's successor was the Rev. Frank E. McCune, during whose pastorate the present Church of the Brethren was built and dedicated in 1923.

The congregation of the Christian church was organized in 1880, and in 1881, the Rev. G. W. Ross was engaged as the first pastor. He divided his time between the Mt. Morris and Pine Creek churches.

The building erected by the Lutheran denomination was sold to the Christian church, and after a steady program of remodeling, is still used by that congregation.

Present Pastors

Present pastors of the Mt. Morris churches are: Methodist, the Rev. William L. Mann; Lutheran, Dr. C. H. Hightower; Church of the Brethren, the Rev. Foster B. Stattler; Christian, the Rev. W. Harold Wiltz.

These men have organized a Council of Churches, composed of the pastors, one adult member and one young person from each congregation. Activities of the Council include discussion of local problems, conducting of teachers' training courses, sponsorship of a community recreation program for children in summer, Union Sunday evening services in Kable Square in the summer and monthly forums in the winter.

Union services are conducted at Easter, Thanksgiving and other special occasions. Father-Son banquets are also arranged.

O. A. Hanke heads the Council.

Oregon's New \$235,000 Sewage Disposal Improvement

Oregon's new sewage disposal plant, started Nov. 1, 1938, was completed the first of last month, requiring about a year for construction.

The improvement—consisting of a new 850,000-gallon, steel water reservoir, 11 miles of new sewers and a primary sewage treatment plant—was constructed at a cost of \$235,000. The Public Works administration granted \$105,000 for the project, and bonds amounting to \$130,000, were sold by the city. The bonds to be retired by charges made for use of water and sewers.

Walnut A. L. Auxiliary Was Formed in 1923

Unit No. 179, American Legion auxiliary at Walnut, received its charter on July 31, 1923.

During its 16 years of existence, its members have concentrated their efforts upon exemplifying the ideals and principles of the national organization. Although seven of the 40 charter members have been lost by death, and ten others have moved from the vicinity, the membership now numbers 38.

The Auxiliary was formed for the purpose of aiding the Legion in carrying out the vast program of peace-time service to America, which the Legion is dedicated.

The members aid in carrying on the task of caring for the World War disabled, who still are found by thousands in government hospitals. Nearly a million dollars are expended each year by the Auxiliary for hospital and welfare work for hospitalized ex-service men.

The organization also cares for children of veterans, who were chosen for a bigger duty, "to aid in the development of this great country for which so many have been willing to die, to raise a voice for the maintenance of its defenses, to assist in fostering its international friendships, and to stand guard over its principles and ideals."

The Chicago Bridge and Iron company were contractors for the reservoir. The Santucci Construction company and Advance Construction and Engineering company installed the sewers, and engineers were Marr, Green and Opper of Chicago.

Automatic Pumps

Gas formed by the sewage in the digestor is automatically controlled to operate at various intervals.

Some of the trenches are 28 feet deep, and gravel was encountered in laying the greater portion of the sewers. No paving was cut in laying the sewers, which were placed in half a dozen or more tunnels.

The system is a necessity, but could not have been financed without PWA aid.

For Unit Appraisal

1. A public utility system should be appraised as a unit, and considerations of efficiency demand that most such appraisals be made by a central assessing agency.

2. State assessment would eliminate

GEORGE WASHINGTON SAID:

"Excessive partiality for one foreign nation and excessive dislike of another cause those whom they actuate to see danger only on one side, and serve to veil and even second the arts of influence on the other. Real patriots who may resist the intrigues of the favorite are liable to become suspected and odious, while its tools and dupes usurp the applause and confidence of the people to sur- render their interests." From the Farewell Address.

MOUNT MORRIS NEEDS THIS ROAD

There may be communities in Ogle County that have a larger population but there certainly is no center of population in that county that contributes more to its surrounding territory or should demand more respect or attention than Mt. Morris.

All right, Mt. Morris wants a road connection with the White Pines State Park. Mt. Morris is entitled to that road and should have it. And we have a notion that the state highway department will recognize the merits of Mt. Morris' claim and arrange things so that this year's road program will include a paved highway from Mt. Morris south to the White Pines State Park.

No community in Ogle County is more entitled to a north-and-south road connection than Mt. Morris, not only because of its geographical location in the county but because of its tax-paying and social and financial importance to the county.

The state of Illinois has built a road to the White Pines State Park from Polo, from the west, from Oregon from the east and from Dixon from the south, all of which roads will bring travelers to that delightful haven. The far north in this state, to whose heritage White Pines Park should belong, must go 'round about to find the spot their taxes helped to build. We submit to the highway department that this is an unfair situation.

Furthermore, it is plain that the highway suggested here will be bound to offer a northbound outlet into Wisconsin which will relieve the extremely heavy Wisconsin-Illinois traffic from the Dixon-Rockford and Dixon-Freeport routes and offer an alternate route for all northern Illinois automobile travel. The Dixon Telegraph suggests and offers to the Illinois State Department of Highways this solution to local traffic problem that surely must be met and which will bring a very satisfactory answer to a state wide and an intra-state problem.

GEORGE F. BARRETT

Party laurels and honors usually go to political leaders who have labored in the vineyard over a period of years. This is as it should be.

In the coming Republican primary the electorate of Illinois will have an opportunity to nominate a man who has given loyal service in the ranks of his party and who has the keenness, aggressiveness and virility of new leadership. It is our sincere belief and firm conviction that the Republican party, by nominating George F. Barrett, a leading Chicago lawyer, for Attorney General, will recognize a man of high ability.

The name of Barrett in Illinois politics is one of accomplishment and prestige. This George F. Barrett is the son of George F. Barrett, Sr., who served for many years as a judge of the Circuit court with so much credit. He is a nephew of the GOP's late lamented leader, Charles V. Barrett.

George F. Barrett has served as a Master in Chancery of the Superior court of Cook county, and has been active in the conduct of all recent Cook county and Chicago Republican campaigns. In the state campaign of 1938 and the Chicago mayoralty contest of 1939 he was a member of the executive and policy committees which directed activities. As chairman of the halls and speakers bureau of the Cook county Republican Central committee, all Republican mass-meetings in this crucial and pivotal county have been held under his able direction.

Because of his splendid efforts on behalf of honest elections, he has been selected as a member of the special committee investigating vote frauds in Cook county.

A native son of Illinois, he was born in Chicago and educated in the public schools there. He graduated from the University of Illinois with an A. B. degree and from Northwestern university with the degree of J. D. He is a member of the Chicago Bar Association, now serving on the Committee on Amendment of the Law, the Illinois State Bar Association and the American Bar Association.

We unhesitatingly recommend him.

LEARNING FROM U. S.

If Hitler and Stalin ever read the papers, they should be impressed by the way we do things in the United States.

Down in Cincinnati, O., a lot of men got together. They came from all parts of the country, and they came to get new ball players for their baseball teams next spring. They didn't carry guns, nor wear uniforms, nor spout ultimatums. They came armed with nothing more than contracts, pens and ink. There was a lot of "resettlement" done. Some baseball clubs that wanted players from other clubs got them; others didn't. There was no shooting. It was all done very peacefully.

The rub in this method, as far as Hitler and Stalin are concerned is that the deals have to be honest—the players have to be paid for, either in kind or in cash. It would have looked pretty funny to see Manager Joe McCarthy of the New York Yankees stride into the conference room and demand that he be given half a dozen Washington players because the Senators were oppressing his ball players.

USING FACTS AS DEFENSE

The best way to beat back propaganda, says Prof. Maynard Krueger, of the University of Chicago, is to be armed with the facts. It is true that persons well versed in the real facts about a war or any other issue will never be deeply impressed by propaganda which disregards the truth.

The fundamental difficulty is that it is almost impossible to determine, in many cases, what the true facts may be. The most effective kind of propaganda is the kind that is deftly disguised. Much of it appears to be completely logical. A speaker from another country with an ax or two to grind sounds sincere and unconvincing.

The newspapers today are trying hard to present the European wars as factually as possible. They are meeting with unusual success. The American press learned a thing or two about propaganda during the last war. It does not intend to become a sucker for glib-tongued misstatements in the present situation.

NEWS BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate, Inc. Reproduction in whole or in part strictly prohibited.)

Washington, Dec. 14—Hoover's G-men have now definitely established that the communists and nazis have pooled their forces in this country to sabotage war supplies destined for Britain and France.

Several cases have been discovered and kept quiet for the time being. If the facts were advertised prematurely, some of the directing saboteurs might escape.

The Finnish minister has slipped around to a number of eminent U. S. officials trying to get about 100 pursuit planes in a hurry. Our people sadly wagged their heads and reluctantly admitted nothing could be done.

The Finns cannot afford to wait for orders to be placed and then filled several months hence. The Finnish nation may be off the face of the earth by then. To be of maximum use, the planes they want must be in Finland before Christmas. Only planes that could fill this immediate need are those being turned out daily by American factories for American defense or for the British and French.

U. S. officials agreed they could not divert their national defense plans to a foreign power, much as they would like to aid Finland.

The minister was last seen going off to get 50 from current British deliveries and 50 more from the French, but he is probably on an impossible mission, as the allies need planes as much as anyone.

Mr. Roosevelt's commercial agents have caught Russia in a cold case of buying an essential war material here for Germany. It is molybdenum, an essential in manufacturing the best steel for machinery. The U. S. controls 92 per cent of the world production.

The red cat popped out of the bag when recent export figures were collected. These showed Russia bought 11,000,000 pounds of molybdenum in the first 10 months, and just about half of it in October, after the war broke out. She could not possibly use a fraction of the amount (which is nearly as much as Japan, Britain and France bought in the same period), as she manufactures little machinery.

So it seems plain to the trade experts that Russia bought for Germany, in hopes probably of getting more German made machinery in connection with their trade deal.

Question Mr. Roosevelt is trying to solve is what to do about it.

Harshest words that U. S. diplomats have used in a long time have been spoken lately against Japan (Pittman, Welles, Grey statements). An impression has spread that this government is talking tough in expectation of wrangling a better trade agreement and diplomatic bargain out of Japan—that these are mere "bargaining" words. The inside facts do not justify that impression.

The truth that will dawn soon upon the world is that Japan is on a one-way road leading to the nether realm of second class powers. To get the proper perspective of her present position, you will have to look ahead for the end of the war. If Britain and France win, their power in the Far East will certainly challenge Japanese supremacy there. If Germany wins and Russia escapes unscathed, Stalin will go right back gnawing at Japan and China where he left off. There will not and cannot be a permanent alliance between Japan and Russia, for no other reason than because Japan knows Russia's interests in the Far East fundamentally conflict with hers. Those of the U. S., Britain and France conflict far less.

So Japan is at the crossroads of a great decision in which hard facts must be faced and in which sentiment can play no part.

Mr. Roosevelt was not looking for advice when he asked Senator Taft how to balance the budget. Nor could he have believed—as other new dealers now are saying—that the budget cannot be balanced.

F. D. R. has said frequently in press conferences how the budget can be balanced, namely by the curtailment of government functions. Appropriations may not be pared enough generally to balance. Some present activities of government would have to be eliminated entirely.

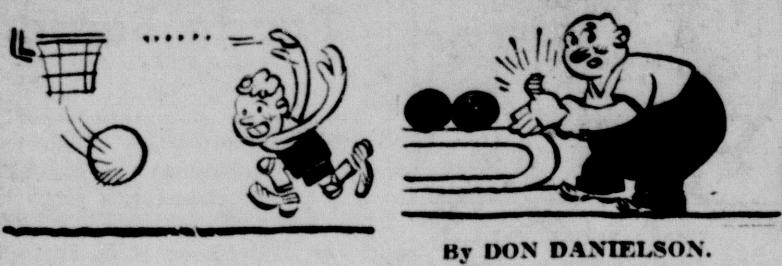

Her heart lightened as he drove swiftly to the city limits, often beyond the clustered homes of the Country Club district. It was the first time she had really inspected the Ted Wilmington house. It had been an extravagant gesture on the part of a rich man's son, an

city wants relief appropriations

and so on up and down the budget line. Curtailment of a single function would cause a political

SHANNON TOURNAMENT

Following the games at Shannon last night the quintets of the hosts and Milledgeville will meet tonight in the finals of the tournament at that center. In last night's semi-finals the Shannon crew edged out a 28 to 24 victory over Thomson and Milledgeville trounced Chadwick, 33 to 27.

REYNOLDS CLUB LOSES

The Reynolds Wrecker, after their stunning defeat of the Dixon Merchants in the Industrial League opener here Wednesday night, went to Princeton last night and took a 38 to 28 drubbing. The locals were trailing 22 to 1 (that's right) at the end of the first quarter and outscored the hosts in the remaining frames to come back with honor if not victory in the finals. Earl Flanagan gave a repeat of his Industrial League performance to stand as high point man for the Dixon club 1st night.

ROUTE 72 LEAGUE

Only one game is scheduled for tonight in the Route 72 conference as Monroe Center plays at Leaf River. The Leafers stand at the top of the heap with three straight victories while the Monroe Center club also has a 1,000 percentage with two triumphs. Other teams in the circuit are rated with Kirkland undefeated with one victory, Stillman Valley with two wins and one loss, Ashton with one victory and two defeats. Franklin Grove with one loss, Byron had been defeated twice and Forreston has taken three defeats.

DISASTER AT FULTON

The Knacks basketball team, defending champions in the local Industrial league, ran into a snag in their opening game last night when they traveled to Fulton where they were handed a 43 to 30 loss. The Knacks took the lead in the opening frame, 7 to 5, but were trailing at half time, 19 to 12. Ulrich was high scorer for the game as he rang up six field goals for 12 of the Knacks points. Lahey and Legel each scored 11 points to pace the hosts. Other Dixon players were Boyd with three points; McNamara with six; Bellows with one; Krug with five; Poits with three and Clark and Underwood were scoreless. Fulton has won seven games and lost two in a season which started early.

LETTER WINNERS

O. Krahenbuhl and E. Krahenbuhl, former Rochelle high school football stars, were among the 26 receiving major letters at DeKalb Teachers' college for football.

GAMES TOMORROW NIGHT

The Soda Grill basketball team will substitute for the Reynolds Wrecker tomorrow night in the engagement at Paw Paw. The team will leave Tony's at 6:30 and the first game will be played at 7:30 o'clock. In the nightcap game the Knacks will engage another Paw Paw independent crew. The Knacks will leave James Billiards at 7:00 o'clock.

All Quiet on Western Front Seems Strangely Placid for Bowl Feature

Los Angeles, Dec. 15.—(AP)—It is undoubtedly all for the best, but the pre-game Rose Bowl discussions over Tennessee and Southern California seem strangely placid.

Here it has been six days since the two were officially selected for the Pasadena attraction and there hasn't been an insult passed.

Everyone, including the rival football writers who have a way of stirring things up, is completely satisfied. Some have even gone so far as to predict the New Year's Day affair should be a tremendous ball game.

No one out here, for instance, has publicly ventured the thought that for the second straight year the western host has given the go-by to the nation's No. one voted team—Texas Christian in 1938 and Texas A. & M. this year.

Most apparently, the boys figure an outfit good enough to remain undefeated and untied two years' running down in a section where they play football for keeps is good enough for any bowl. That is the unmatched record of Major Bob Neyland's Tennessee.

This calm, contented atmosphere was not always thus, however. Just one year ago the air between Los Angeles and Durham, N. C., was filled with a great number of words, most of them on the sarcastic side or worse, as Duke headed west to meet Southern California.

By game-time, what with charges, counter-charges, the famous lace pantie incident and what-not, a first-class feud had been worked up, and as a matter of fact, the sniping between California and North Carolina is still going on at this late date.

The Washington-Pitt game in 1937 started out the same way. Poor Washington, it took a beating for inviting oft-visited Pitt, and then took a beating from Pitt.

Now comes the 1940 Rose Bowl and it appears that all the shootin' and shoutin' will be done on the playing field and nowhere else.

That, as stated before, is undoubtedly as it should be. But it still seems awfully quiet around town.

Sammy Snead is Back to Plague the Pro Golfers

Chicago, Dec. 15.—(AP)—Big Ten schools faced the remainder of their pre-conference basketball schedules today with everybody a winner.

Ohio State, defending champion, completed the winning ranks last night by defeating Wabash, already a victim of Illinois and Indiana, 34 to 22. Ten sophomores and four juniors, none of whom had started a game for Ohio State, brought victory. The only three returning veterans from last year's title team—Capt. Robert Lynch, John Schick and William Sattler—were declared eligible yesterday.

In its first game, Ohio State used only sophomores and lost to Oberlein.

Northwestern also triumphed last night, defeating Washington State's big team, 41 to 29, for its second victory in a row as Sophomore Dick Klein set the pace with 17 points. The setback was Washington State's first in eight starts.

Indiana and Illinois go out to increase the Big Ten's record against non-conference foes to 22 victories in 24 starts tonight. Both undefeated in two starts, Indiana plays at Nebraska while Illinois opposes Carleton at Champaign. It will be Carleton's fifth attempt at victory against Big Ten opposition, efforts against Iowa, Wisconsin, Northwestern and Minnesota all ending in defeat.

It was Snead who drew the gallery, and it was Snead who overshadowed that personal feud between Byron Nelson and Henry Picard for the Vardon trophy and the year's professional supremacy.

Nelson also scored a 68 for a two-shot margin over Picard, who now leads him by five points in the trophy competition.

Others in the 68 spot were Dick Metz, the Chicago stylist; the always dangerous Ralph Guldahl; Clayton Heafer, blond husky from Linville, N. C.; Art Clark of Uniontown, Pa.; Jimmy Hines of New York and Stanley Horne of Montreal.

DOUBLE DISTINCTION

New York—Gene Tunney, former heavyweight champion, holds two distinctions. He is the only man born and raised in New York City to win the title and the only man to win it in a 10-round bout.

FRANKLIN GROVE BOWS TO ROLLO; ASHTON ACES WIN

Semi-Finals Tonight in Green River Valley Conference Meet

Completing the first round of the Green River Valley conference tournament at Paw Paw last night the Ashton Aces swept to a 27 to 22 victory over Paw Paw in the first game while Rollo rallied in the fourth period to defeat Franklin Grove, 32 to 23.

Tonight the tournament shifts to Ashton where Lee Center and Steward will meet in the first game of the semi-finals and Ashton and Rollo will be engaged in the nightcap. The finals will be played tomorrow night at Steward with the consolation game at 7:30 and the championship battle to follow.

Paw Paw Takes Lead

In the first game last night the Paw Paw hosts nosed out a one-point margin to lead at the end of the first period, 6 to 5. In the second stanza the Aces sank enough shots to total eight points while the rivals eked out only two tallies. Ashton continued the charge going into the third quarter in which the Aces rang up nine counters while the opponents trailed with seven. In the final frame the hosts outscored the invaders by two points, but they weren't enough.

Scoring honors for the game went to Jenkins, veteran letterman guard of the Aces, who rang up a total of 10 points from three field goals and four charity tosses. Knetsch, 5 feet 10 inch, center on the losing club, was high scorer for his mates with seven tallies from two field goals and three gift shots.

John Mitchell's cagers from Franklin Grove were doing all right in the second game, until the Rollo quintet dropped a bombshell loaded with 15 points in the final stanza.

The Grovers took the lead in the opening frame, 8 to 6 and dropped behind two points in the second quarter and the game was knotted at 11-all when the gun sounded for the half-way mark. Even in the third quarter the Grovers were too distressed and the frame ended with them trailing one point, 16 to 17.

Torrid Final Quarter

The Rollo five, holding its light under a bushel for three quarters, suddenly burst out with 15 points in torrid final chapter and singed the Grovers who were able to keep up with only seven markers.

BOB PASTOR RISKS RING FUTURE IN BOUT TONIGHT

Dallas, Dec. 15.—(AP)—Bicycle Bob Pastor, who swears the third time will be the charm against Champion Joe Louis, risks his ring future tonight against a younger making his big bid for boxing fame.

Twice Pastor raced Louis—and twice he lost, but captured a share of the glory.

He's after another crack at the titleholder and looks upon ambitious Buddy Scott of Dallas, a comparative unknown although he has won 73 of 79 bouts, as the test he needs to start his drive back.

The fans picked the players by ballot for the first all-star game in Chicago in 1933, but that method was abandoned after a few years and the club managers now have the say.

A capacity crowd of 5,000 was forecast for the 10-round scrap.

Here's One Louis Godoy Can Lick

Arturo Godoy wades into Joe Louis fearlessly. The catch is that it's only a cardboard duplicate of the champion. In the Madison Square Garden ring, Feb. 9, the Chilean heavyweight will learn that neither the Brown Bomber's chin nor fists are papier-mache.

Illinois' Victory Over Michigan Voted Biggest Surprise of Year

By SID FEDER

New York, Dec. 15.—(AP)—Prof. Bob Zupke, that magic man of the Illini, pulled the biggest rabbit out of the hat in 1939.

The nation's sports experts, voting in the ninth annual Associated Press poll on the year's outstanding surprises and upsets, today selected as No. 1 on the list the mid-season victory of Prof. Bob's Illinois footballers over the previously high-and-mighty Michigan Wolverines.

Except for those three, there wasn't much hair-raising on the '39 program, the experts figured. After all, the Illinois win took just about all the fireworks out of the others. Before the game, Illinois had been tied by little Bradley, whitewashed by Southern California and Northwestern and well-whipped by Indiana. Prof. Bob took a look at the help wanted ads as the Wolverines begin to howl. Michigan, on the other hand, had flattened Michigan State, smashed Iowa, steamrollered Chicago 85-0 and marched through Yale. So along came Prof. Bob's boys to post a 16-7 victory and win the year's outstanding surprise laurels for football for the second straight year. In 1938, Carnegie's win over Pittsburgh was the No. 1 tidbit.

Football Leads the Rest

As a sport, football led all the rest, with 19 surprises on the list. Baseball, although getting 12 nominations, didn't give the folks much to gape about. They were getting used to the Yankees, it seems, for the third-place National League finish of Brooklyn's daffiness boys was ranked higher than the four-straight World Series sweep of the Bronx Bombers over Cincinnati. Boxing and tennis had three each in the set.

Galento Is Third

Third on the list came two-ton Galento and the job of work his left hand did on Heavyweight Champion Joe Louis and Lou Nova. The experts decided that when the barrel-shaped slugger sat Champion Joe on the sea of his

up with only seven markers.

Clubwomen of 13th District Meet in Dixon

Sixty-five women from five counties—Lee, Jo Daviess, Carroll, Stephenson and Ogle—converged here yesterday for a board meeting of the Thirteenth District Federation of Women's clubs. The session was held at St. Paul's Lutheran church, with Mrs. Hugo Allen of Mt. Morris, the district president, presiding.

The morning program opened at 10 o'clock with an invocation by the Rev. Lloyd W. Walter, followed by a pledge of allegiance, and a song, "God Bless America," led by Mrs. Rahm of Chadwick, the district music chairman.

Mrs. Frank M. Keck, first vice president of the district, gave an account of the northern regional meeting held at Ottawa in October, and Mrs. Allen spoke of the state board meeting held recently in Chicago.

Reports were submitted by various committee chairmen, and an explanation was given of the new world calendar, which was endorsed by the National Federation last spring. Fourteen countries, the clubwomen were told, have approved the calendar, which would begin every year and every quarter on Sunday, provide 26 working days every month, always schedule Christmas day on Monday, and make an international holiday of the extra day in leap year.

During the afternoon, the guests were privileged to hear the Dixon Woman's club chorus in a group of three numbers. The singers gave an admirable performance, under the direction of Mrs. I. B. Potter, with Mrs. Howard Edwards at the organ.

The next board meeting will be held at Freeport on March 16, 1940.

Mrs. Earl Auman, president of the Dixon Woman's club, and Mrs. Lester C. Street, public welfare chairman, represent the local club on the board. Mrs. J. R. McDaniel and Mrs. A. E. Marth served as registrars.

HOUSE WARMING

The Alex Graehlings, were surprised Tuesday evening at their new address on Lowell park road, when 30 unexpected guests met at the couple's home for a scramble supper and house warming. The group brought a gift for the new home.

Mrs. Graehling's parents, Mr. and Mrs. Deets of Milledgeville, were among the out of town guests.

O. E. S. CLUB

Members of the O. E. S. Parlor club will meet Monday afternoon at the Masonic temple for a Christmas party and grab bag. A scramble luncheon will be served at 1 o'clock.

DINNER GUESTS

Mr. and Mrs. Sam Watson will entertain at dinner this evening, complimenting Mr. and Mrs. Leonard Underwood of Portland, Ore. There will be nine guests.

Carries "Everything"

This smart suede bag is perfect for the woman who always likes to carry everything in her purse. When closed, it's as flat as the proverbial pancake. Open, it reveals an amazing amount of storage space.

Baker Tent Has Annual Election

Members of Anna Kellogg Baker tent, No. 81, Daughters of Union Veterans of the Civil War, were congratulating Mrs. Nellie Eastman, newly-appointed national aide, at yesterday's meeting of the tent in G. A. R. hall.

Election of officers followed a report by Mrs. Maude Hobbs concerning the reception for the department president, Mrs. Eleanor Meyer, and the unveiling of the memorial sun dial on the court house lawn, Tuesday. Master Jimmie Hobbs unveiled the memorial.

It was voted to retain the entire staff of officers for another year. The officers include:

President, Mrs. Lucy Eastman; senior vice president, Mrs. Maude Hobbs; junior vice president, Miss Laura Long; secretary, Mrs. Nellie Eastman; chaplain, Mrs. Laura Stauffer; patriotic instructor, Mrs. Mina Hettlinger; treasurer, Mrs. Carolyn Fulmer.

Birthday anniversaries of Mrs. Laura Stauffer and Mrs. Maude Hobbs will be celebrated at the next meeting, Dec. 28. A scramble dinner and Christmas bag are also planned.

St. Paul's Church Plans Yule Service

A Christmas program will be presented at St. Paul's Lutheran church at 10:45 o'clock Sunday morning. Miss Carolyn Bergstedt will direct the chorus, and Mrs. Dwight Chapman will be at the organ.

The service has been outlined as follows:

Organ prelude, Mrs. Chapman; processional, "Joy to the World"; "Hark, the Herald Angels Sing," with Descant; announcements;

"Now Let all the Heavens Adore Thee" (Bach), and "Break Forth, O Beauteous Heavenly Light," (Bach); chorus; "From Heaven on High the Angels Come," (Dickinson), women's chorus; "The Shepherds' Story," (Dickinson), women's chorus, with obbligato by Miss Bergstedt.

Offertory solo, "Jesus Bambino," (Yon), Miss Bergstedt; "A Star from Jacob's Shinheth," (Mendelssohn), chorus; "Bethlehem," (Clark), chorus, with obbligato by Mrs. Marjorie Stavely; "There were Shepherds," (Vincent), chorus, with soprano solo by Evelyn Worsley; "The Lord Bless you and Keep You," (Latinkin), recessional, "O Come all Ye Faithful"; organ postlude.

JOLLY SIX

Donna Lee Winebrenner was invited to five members of the Jolly Six club at an after-school party on Wednesday. Sewing occupied the group until time for refreshments.

A Christmas party and gift exchange will be held next Wednesday afternoon.

DINNER GUESTS

Mr. and Mrs. Irvin B. Potter and daughter, Mabel Louise, and Mrs. L. Drach were dinner guests last evening of Mr. and Mrs. B. J. Frazier. Mr. Potter is vacationing here with his family, before returning to his work at Hayward, Wis.

Auxiliary Unit Has Luncheon

Thirty-five members and guests attended yesterday's Christmas meeting for Dixon unit of the American Legion auxiliary in the G. A. R. hall. Between courses of a scramble luncheon, the group read the poem, "Twas the Night Before Christmas," from place cards marking the covers.

After singing the Yule song, "Jingle Bells," the guests were unwrapping gift packages from a grab bag.

Mrs. Irma Ommen, chairman of the Junior girls, told of Christmas favors being made by the girls for hospitalized ex-service men at the Elgin State hospital. The group is also making Christmas scrap books, and several of the girls are dressing dolls.

Mrs. Louise Enichen, rehabilitation chairman, said 18 dozen cookies had been presented to ex-service men at the Dixon State hospital on Nov. 29. Mrs. Lila Wagner, Americanization chairman, told of books on "The American Flag" being distributed to 167 Lee county schools.

A donation of \$5 was voted for the Goodfellows, and it was agreed to present a banner to the Loveless school Boy Scout troop. Mrs. Emma Phalen was presented with a naval plate for national defense work.

Mrs. Dorothy Teschendorff is asking for contributions for a Christmas fund for World War nurses, sponsored by past presi-

Light Yule Scene at Local Church

One of the city's first Christmas decorations was lighted last evening at the First Presbyterian church on East Third street at Galena avenue.

The three scenes depicted in colored lights and silhouettes on the front of the church represent the birth of Christ, and tell in tableau the story that is to be repeated in music and pageantry at the "Sunrise Pageant of the Nativity," to be given at the church at 7 o'clock on Christmas morning.

A Nativity scene, in which Mary and Joseph are depicted looking into the manger cradle, covers the large stained glass window in the center. The figures are silhouetted against a background of deep blue.

In the arch of the west doorway is a shepherd scene, where an interesting lighting effect is produced by the use of complementary colors casting a green shadow of the figures upon the background. Approaching from the east may be seen the Three Wise-men, bringing their gifts to the Christ child.

The construction and lighting were under the direction of Lucius Thompson. The decoration has been sponsored by Sigma Sigma Chi, young people's organization of the Presbyterian church.

Sunday school at 9:45 a. m. Children to the age of 20 are welcome.

Wednesday evening testimonial meeting at 8 o'clock.

The reading room is open each week-day from 2 to 4 p. m., except on holidays.

FIRST CHRISTIAN CHURCH
Corner of Hennepin and Second R. W. Ford, minister

The keeping of the Christmas festival is already receiving its emphasis in the activities of the various organizations of the church. In the Bible school, offerings are being received for the White Gulls Christmas service to be held in conjunction with the children's program on Friday evening, Dec. 22. Gifts of money are given to supplement the offering for benevolence in the church school on Dec. 24. Several organizations are planning Christmas bazaars to be distributed in Dixon at Christmas time. The adult department of the church school is preparing a Christmas play to be presented at the church on Christmas Eve. Next Sunday at the morning worship hour, the pastor will deliver a sermon upon the theme, "The Light of God is the Face of Jesus Christ." This will be an introductory sermon to the Christmas message.

Year-end Sunday, Dec. 31—10:45 a. m. Annual consecration service for the officers and teachers of Grace church. Sermon by the pastor.

9:00 p. m. to 12 midnight—Watch night service of sacred music. Christian fellowship, noisy communion.

Next week, beginning on Monday and continuing through Saturday, there will be a daily broadcast of Christmas music from this church from 1:00 o'clock to 2 o'clock in the afternoon. The loud speakers of our own sound system will be hung outside of the church building and there will be presented a daily program of vocal and instrumental music.
